mining equipment

IDS

Industrea Drilling System

Overview

The Industrea Mining Equipment Drill is fully designed and equipped for gas management operation in the confines and environment of an underground coal mine.

The Industrea Mining Equipment Drill features industry leading Drill hardware and cutting edge drill guidance technology that allows safe, accurate and efficient operation.

Features

Exclusive release of IMT touch screen DGS

Drill capable techniques including:

Down hole motor

Rotation drilling

Wireline coring

Underground **In-Seam** IDS Drill Rig.

Specifications

Overall Length	4310 mm
Overall Width	2100 mm
Overall Height	1885 mm
Installed Power	90 kW
Tare Weight	11 T
Drill Guidance System	IMT DGS
Drill hardware	Boart Longyear LMC90
Feed push/pull force	13 T
Nominal hole depth	1000 m
Positioner	Crawler positioned, stinger set.

Vehicles that show their best advantage when mine conditions are most difficult.
